MEDIAWALL

The Revolution in Home Entertainment

Nex Media Wall, a cutting-edge multimedia system that seamlessly blends technology, design, and comfort. This revolutionary product combines a state-of-the-art integrated fireplace and a sleek TV panel in one stunning centerpiece.

With its unique motorized TV panel, the Nex Media Wall lets you redefine your space with a single touch. Simply press a button on the remote, and the TV glides upward to reveal the hidden fireplace beneath. Choose between the vibrant flames of BEV™ technology or the ultra-realistic water vapor fireplace for a cozy, immersive atmosphere. Whether you're watching your favorite show or enjoying the glow of the fire, you can now do both simultaneously—effortlessly and in style.

Dekton Surface by Cosentino

Crafted with premium Dekton, the Nex Media Wall offers unmatched durability, sophistication, and a stunning finish that elevates any interior.

Motorized TV Panel

With the press of a button, the TV effortlessly glides upward, revealing the fireplace below for a seamless transformation of your living space.

Fireplace Options: BEV® or Water Vapor

Choose between BEV® technology for vibrant flames or a water vapor fireplace for an ultra-realistic, safe, and eco-friendly fire experience.

Advanced Safety Sensors

Integrated sensors ensure the TV panel will not close if any object is detected in the fireplace niche, providing peace of mind and enhanced protection.
